

Spangler
SINCE 1906
The DUMDUMS Company

**Allergy-Free Products.
Worry-Free Enjoyment.**

**100%
Gluten-Free
Dairy-Free
Nut-Free**

Dedicated to High-Quality, Allergy-Free Products

Since 1906, Spangler Candy Company has been dedicated to making quality candies, including longtime favorites; Dum Dum Pops®, Saf-T-Pops®, Spangler® Candy Canes and Spangler® Circus Peanuts.

We're also focused on the safety of our products, which is especially important, given the rise in recent years of food allergies, food intolerances and cases of celiac disease. When it comes to food allergies we know how valuable peace of mind is. That's why we make every effort to make sure consumers can be 100% confident that our products are free of the top common allergens, including; gluten, wheat, dairy, peanuts, tree nuts, eggs, fish and shellfish. We want customers with food allergies and intolerances to enjoy Spangler Candy products without worry of allergens or cross contamination.

Did You Know?

- 3 million children have a food or digestive allergy ¹
- About 4% of adults have a food allergy ²
- 30-50 million people are lactose intolerant ³
- 3 million people have celiac disease ⁴
- More than 3 million people are allergic to peanuts, tree nuts or both ⁵
- 6.5 million people are allergic to seafood ⁶
- From 1997-2007 the number of children with food allergies rose by 18% ⁷

We want customers with food allergies and intolerances to enjoy Spangler Candy products without worry of allergens or cross contamination.

DUM-POPS

Your Guide to Allergy-Free, Spangler Candy Products

	Wheat Gluten	Dairy	Peanuts	Tree Nuts	Eggs	Fish	Shellfish	Soy*
 <p>Dum Dum Pops* America's favorite giveaway lollipop™. They're just the right size and available in 16 fun flavors, plus the signature Mystery Flavor™.</p>								
 <p>Dum Dum Chewy Pops*/** Just like the originals, but with a chewy center. They come in a variety of Dum Dum flavors with 3 different fillings: Chocolatey Chewy, Sour Chewy and Gum.</p>								
 <p>Saf-T-Pops*/ Swirl Saf-T-Pops* With a letter or number on each side, Saf-T-Pops come in 4 regular and 4 swirl flavors. With a soft loop handle, each Saf-T-Pop is also individually wrapped.</p>								
 <p>Spangler Circus Peanuts They're fun, peanut-shaped and banana-flavored marshmallows — but they contain no peanuts! Perfect to munch on or to use in recipes, Spangler Circus Peanuts are a delicious, fat-free candy.</p>								
 <p>Spangler Candy Canes* Perfect for eating, tree decorating, holiday gift wrapping and more. Available in traditional peppermint or specialty branded varieties.</p>								
 <p>Spangler Chewy Canes* Just like the originals, but with a unique chewy center.</p>								

*A note about soy

Our products, except Circus Peanuts, may contain trace amounts of soy oil, a processing aid in making candy. The soy oil has been refined, bleached and deodorized, a process that removes the protein that can cause an allergic reaction. Because individual sensitivities vary, however, we have chosen to list the soy oil.

**Dum Dum Chewy Pops made in the USA are free of peanuts, tree nuts, egg, gluten, and milk. Dum Dum Chewy Pops made in Brazil are manufactured in a facility where peanuts and milk are used in the manufacturing of other products. Please check the back panel for country of origin and allergen statement. The gum base used in Dum Dum Gum Pops is manufactured on the same equipment as products with soy lecithin. Therefore, we list soy lecithin as an ingredient because we cannot guarantee it will not be in the product.

Questions about our ingredients? See our website under Allergen Information or email us at info@spanglercandy.com.

Dedicated to Safe Manufacturing and Product Handling

Having products that are free of ingredients like gluten, dairy, and nuts is only half of the Spangler story.

We want to make sure that every Spangler Candy product arrives to the consumer exactly as we intended it. That requires careful attention to manufacturing facilities and handling in order to avoid cross contamination.

5 Ways We Make Sure Our Products Are Allergy-Free

1. Our manufacturing facilities are 100% free of gluten (from wheat, barley and rye), dairy, peanuts, tree nuts, eggs, fish and shellfish.
2. All Spangler Candy products are made on dedicated manufacturing equipment.
3. We thoroughly clean every manufacturing line, every day.
4. We notify all of our suppliers about our allergen standards. We also request an annual allergen report from each supplier to verify the ingredients they provide are allergy-free.
5. At least twice a year, all of our products are tested for allergens by an independent food lab.

It all adds up to worry-free enjoyment of Spangler candy. That's a promise we make to all of our customers, every time they open a bag of Circus Peanuts, or unwrap a Dum Dum Pop, Saf-T-Pop or Spangler Candy Cane.
